STUDENT ORGANISATION

VERSO, your friend and your helper at ZHdK in the form of a student organisation. We represent the rights and interests of all students at ZHdK and keep an overview for you in areas of administration and university policy. We represent you in the various committees and commissions of the ZHdK and ensure that the needs of students are not neglected. ♦

VERSO?!

Studying at ZHdK

You are new to ZHdK and are studying in one of the five ZHdK departments:

Performing Arts and Film (DDK)
Design (DDE)
Fine Arts (DFA)
Cultural Analysis (DKV)
Music (DMU)

VERSO DDE/DDK/DFA/DKV/DMU

VERSO in your department takes care of the participation of students on the departmental level and that you get the best possible conditions for your studies.

Student Assembly (StV)

Each department meets regularly in student assemblies, to which all students in that department are invited. The StV is also a place to meet new people from your department and to network. Each StV elects two representatives, who together form the Student Council.

Student Council (StR)

It is the highest body of VERSO and consists of ten people, two from each department. It meets 14 times a year and sits in committees and commissions of ZHdK to represent the interests of students.

General Meeting (VV)

Once a year VERSO invites all ZHdK students to review the past year and the work VERSO has done. Afterwards, we often toast with a beer, wine or spritzer.

Would you like to have your say?

Either go to a student assembly in your department or contact the addresses under Contact. ♦

WE OFFER

Mailbox	In the entrance hall, to the right of the cafeteria, you can send us comments, criticism, observations, found objects or anything that fits through the slot.
Marketplace	On our website you will find continuously updated jobs, housing offers, calls and other interesting opportunities. (verso-verso.org)
Project Fund	With the project fund, we specifically support projects and events by ZHdK students that have an added value (exhibitions, concerts, performances, events, etc.) for the students. If you have a vision: Get in touch!
Legal advice	Your new flatmate is suddenly breeding naked cats in your room, you have a question about the copyright of one of your projects or you want to have an employment contract checked? We will be happy to refer your case to the appropriate contact point at the Student Association of the University of Zurich.
Information sheet on subsidies	We have compiled the most important information on scholarships and grants in Switzerland for you, so that you can keep an overview in the maze of state and cantonal agencies as well as private foundations. (verso-verso.org) ♦
